

# *JP Tours, Inc.*

---

JP Tours was originated by JoAnn Pieretti, who has more than 25 years of experience in the group ski tour industry. Through the years JoAnn has coordinated numerous types of groups' ski travel needs and event planning for various markets nationwide, which consist of established ski clubs, corporate accounts, medical affiliations, and ski councils. Her client base stretches from coast to coast. She has coordinated travel plans for groups consisting of 20-400+ skiers to a variety of western US and Canadian destinations. Having served on the board of Skitops for several years, JoAnn understands the ongoing changes in the ski industry and has worked diligently to address the challenges to strengthen the future of this sport we love so much.

With our first-hand knowledge of the resorts, vast network of contacts throughout the ski industry, and love of the sport ourselves, JP Tours insures that all of our clients will have the most memorable ski venture. Every group leader is a VIP who can rely upon receiving only the best group travel experience with JP Tours.
