

South Tahoe Express Individual Airport Transfer Reservations

DIRECTIONS

For those arriving and/or departing Reno independent of your ski club we have negotiated a special discounted shuttle price you may book directly with South Tahoe Express in a few very easy steps.

#1- go to the South Tahoe Express website: www.southtahoeexpress.com and click on self serve ticketing. Fill in travel dates and credit card information, and email address if you want a receipt and/or email confirmation.

#2- There is a spot for the Coupon Code on the ticketing screen, that's where you must enter the four letters **EPSC**. Once it is put in, click outside of that box (anywhere) and the price will update to reflect the 10% group discount being offered to your group.

If the price does not update, or anything else looks incorrect, do not submit the ticket. Please call their toll-free reservation line 866-898-2463 and let one of our staff book you.

All tickets are reservations, and are non-refundable, so please verify your travel plans before booking with us. Reservations should be made before arrival, even if just 1 day in advance.

It is vital that the coupon code be entered correctly when booking. It cannot be applied retroactively, and refunds cannot be issued for this error. So if anything looks wrong, please just call the call center.

Upon arrival to Reno for check in:

Passengers with reservations need only collect their luggage then go to the South Tahoe Express counter located in the airport in the baggage claim area, near the last carousel. They will take care of the rest!
